ESC: 12 – 13 July 2027
PA Conference: 14 – 16 July 2027

IPA 2027 BURGOS — SPAIN —

15th Interdisciplinary Perspectives on Accounting

First call for papers

The ERGO Research Group is delighted to announce that the University of Burgos (Spain) will host the **15th Interdisciplinary Perspectives on Accounting (IPA) Conference** on **14–16 July 2027**.

The conference is an established forum for research into the social, political and organisational aspects of accounting. It brings together accounting researchers with broad social science interests from a range of disciplinary perspectives, such as anthropology, ecology, history, philosophy, political economy and sociology.

In line with past conferences, IPA 2027 aims to provide accounting scholars with a distinctive forum for furthering interdisciplinary debate on accounting and its multidimensional impact on society, emphasising methodological plurality, emerging paths and innovative research avenues.

CALL FOR PAPERS

We invite researchers from all areas of the social sciences and humanities to submit full papers. The conference format is designed to provide presenters with a constructive forum in which to discuss their research. All papers will undergo a double-blind review process. Each accepted paper will be introduced by a discussant, the author(s) will respond, and an open discussion will follow. Accordingly, submitting authors will be expected to act as reviewers, and presenters of accepted papers to act as discussants for another accepted paper.

Papers must be submitted through the conference's webpage (15ipaconference.com). The submission period opens on 1 November 2026.

The submission deadline is **31 January 2027 (23:59 CET)**.

EMERGING SCHOLARS COLLOQUIUM (ESC)

The conference is preceded by the **Emerging Scholars Colloquium (ESC),** to be held on **12–13 July 2027**. The ESC provides a unique space for early-career researchers to make their research projects visible and receive feedback from prestigious faculty and outstanding peers. We particularly encourage PhD students and early-career researchers (typically within three years of completing their PhD) whose work adopts an interdisciplinary approach to apply.

Applicants must submit a research paper (full or in progress) together with a short statement describing their research trajectory and what they hope to gain from the colloquium. Participation is limited to 40 emerging scholars.

Further details: 15ipaconference.com/esc.

KEYNOTE SPEAKERS
